Board Member

# Community Involvement

## **ARCHITECTS FOR THE ARTS -- A GRANT PROGRAM OF GLT ARCHITECTS FOR K-12 EDUCATION**

The goal of the Architecture for Arts program is to support fine arts education for young people in Central Minnesota and to encourage business support of the arts. Since 1998, the program has given 6 - \$500 grants each year to area organizations that provide arts education to K-12 students. To date, the grants have totaled \$21,000.

### **CENTRAL MINNESOTA COUNCIL -- BOY SCOUTS OF AMERICA EXPLORER POST**

GLTA oversees a Boy Scouts Explorers Post for high school students, boys and girls, interested in architecture. The program has been in place for 8 years. The Post meets once or twice a month during the school year. The students get to design small projects, build models, visit construction sites and learn about drafting and other fields related to architecture. The program involves several volunteers from GLTA each year and gives the students a "hands-on" opportunity to find out what architects and drafters do, education required, related fields, salaries, and which classes they should be taking in high school.

### **BOYS & GIRLS CLUB OF MINNESOTA**

Board of Directors  
Pumpkin Painting

Hometown Classic Golf Fundraiser

## **PARAMOUNT ARTS RESOURCE TRUST COMMITTEE MEMBER**

## **ST. CLOUD AREA SCHOOL DISTRICT 742, JEFFERSON SCHOOL**

### **TEACHING ARCHITECTURE TO SELECT 6TH GRADERS**

The "Nine Fine Artists" program was part of a comprehensive arts curriculum at Jefferson Elementary in St. Cloud. This arts curriculum was based on the premise that schools need to be about the business of teaching students to successfully communicate with the world in which they live. The ultimate goal of the sixth grade portion of the program was that each sixth grader would be able to express a theme and thesis of personal importance through an art form. Artists taught students about their art form (in our case, architecture) over a 12-week period, meeting every week for 2 hours.

## **ST. CLOUD AREA SCHOOL DISTRICT 742**

Girl's Conference on Non-Traditional Careers Speakers and Sponsorships
